OLLINGER & BRUCE WITCHER, ZEMURRAY & CO.'S DAILY COTTON LETTER.

Pensacola, Nov. 2 .- Cables this morning showed the opening in Liverpool to be quiet at 4 to 5 points decline, and closed easy at a further decline of 3 to 4 points. Spots quoted easier with moderate busidecline from yesterday's prices. In New York December opened at 10 cents and January at 10.05. During the morning session the trading ranged within a few points either way of these figures, slowly selling off to a low point for January of 9.91 and 9.86 for December. At these figures supporting orders were in evidence and a moderate reaction ensued. The market closed steady quiet.

Miss Giles to-day published her report on conditions, giving her figures as 70. This is against her figure of 66 same day last year. Her figures up to October 16th showed the conditions to be 63.4, and her report to-day shows an improvement n the condition from that time of 1.6. The market remains disappointing to bulls, due to heavy offerings by the bear crowd and the continued favorable weather, but we cannot help but feel that a large short interest has been built Bearing in mind that the market has now had a steady decline of over \$5.00 a bale, with practically no reactions, any bad weather or other bullish factor would, we think, cause a sudden upturn. Middling New York quoted to-day at unchanged prices. Quiet. Port receipts for the day, all ports 60,-
